EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Please insert the Abstract as follows:

ABSTRACT

A facsimile machine provided with a remote operation mode enabling a caller from a remote device to access and retrieve data from the facsimile machine and including a memory for storing the data to be accessed and retrieved by a caller during the remote operation mode; a switch for turning on and off the remote operation mode; facsimile reception determination unit for determining which of a facsimile reception possible condition and a facsimile reception impossible condition that the facsimile machine is in; and reception process unit for performing, when the facsimile reception determination unit determines that the facsimile machine is in a facsimile reception possible condition, reception of an incoming call regardless of whether the switch has turned the remote operation mode on or off and for performing reception of the incoming call when both the facsimile reception determination unit determines that the facsimile machine is in a facsimile reception impossible condition and the switch has turned the remote operation mode on.

Please insert on page 1 of the specification between the title and background of the invention the following continuation data:

---This is a U.S. Reissue Patent Application of US Patent Application 08/653,312 filed 05/24/1996 and issued as U.S. Patent Number 5,675,421 A on 10/07/1997.---

Authorization for the following examiner's amendment was given in the Third Supplemental Reissue Declaration filed on 5 March 2009.

In claim 14:

on line 6, changed "reception" to ---output---.

In claim 18:

on line 2, after "determining" inserted ---with a determination device---.
